Specifications

Barrier-Free design makes this drench shower unit fully accessible to people with physical disabilities. Bradley meets accessibility codes by ensuring proper placement of shower heads and extended pull rods. Unit saves space and fits easily into any work environment. Shower valve operates quickly by an extended pull rod with a triangular handle.

Drench shower is designed to accommodate standard 8' ceiling height. ANSI Z358.1 compliant drench showers are mounted between 82"–96" from the lower edge of the showerhead or shroud to the floor.

This plumbing fixture is not intended to dispense water for human consumption through drinking or for preparation of food or beverages.
