EXTREMEAIR® ADA COMPLIANT HAND DRYER

High-Speed Surface-Mounted ADA Compliant Hand Dryer

EXTREMEAIR ADA is a high-speed, surface-mounted ADA compliant hand dryer that is extremely energy efficient, utilizing only 950 watts of power. Featuring a HEPA filtration system and antimicrobial technology—and offering adjustable two-speed motor controls and global universal voltage features—EXTREMEAIR ADA easily accommodates the needs of any commercial washroom environment.

STANDARD FEATURES:

Energy efficient – Utilizes only 950 watts of power.

Fast dry time – High intensity single port nozzle. 12 second dry time.

Hygienic – HEPA filter reduces contaminants in the air when drying hands. SteriTouch® antimicrobial technology inhibits the growth of bacteria, mold and fungus, extending the hand dryer's service life.

Flexible – Adjustable two-speed controls to customize drying time, sound level and energy savings. Replaceable motor brushes extend product's life.

Universal voltage (110-240 volts)

Easy installation – Simple surface-mounted installation reduces installation costs.

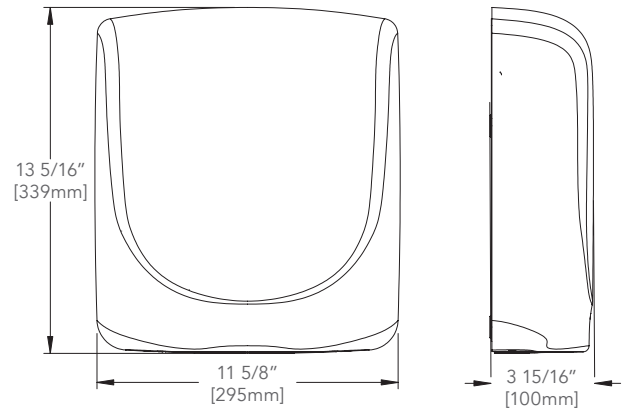

Electrical Specifications

	110-120 V	208 V / 220-240 V
Amps	8.3	4.1
Watts	950	950
Hz	50/60	50/60

Performance

Air Speed	225 MPH
Air Flow	64 CFM
Air Temperature	130°F at an ambient temperature of 70°F.
