- * Natural Stone and other Corian Colors available upon request.

► NOTE

DSUP dimensions can be customized per designer request. See your Sloan representative for details.

► The Urban Pedestal Lavatory System

The Urban Pedestal Basin design is an ergonomic hand washing basin, bringing higher efficiencies to the entire hand washing process in a more natural way. The Urban Pedestal may be configured to designers specifications. Waste assembly is not provided. Choose from one of the many Sloan sensor faucets for the perfect match.

► OPERATION

As the user's hands enter the beam's effective range, the beam is reflected back into the sensor receiver and activates the solenoid valve allowing water to flow from the spout. Water will flow until user's hands are removed or until the time out limit is reached.
