

Optima Plus® EAF-350 and EAF-350-ISM

**Maximize Efficiency
with
Minimal Investment**

Enter EAF-350

Don't settle for a manual faucet when hands-free is an option. The above deck electronics and battery operation of the EAF-350 provide a simple solution for any washroom. And even if your washroom is more functional than fancy, nothing beats the hygienic benefits of hands-free washing.

See the power of innovation!

Benefits

Hygienic

Stop the spread of germs with touch-free hand washing.

Sensible

Enjoy Euro-style look and feel without the designer price tag.

Simple

The elegant one piece design efficiently delivers (and saves) water.

Serviceable

Above deck electronics make installation and maintenance a dream.
